## OBSERVATIONS.

Mr. Thurston, in a letter to the Advertiser advocating a city improvement organization, condemns the proposal before the Board of Health to have the projected wash houses erected near the harbor entrance. A site is being talked over in the Cabinet which would be much more convenient for the "washee" guild, and not open to objections from the general public. That is on the bank of the Kawa fish pond near the railway station.

The Governor of Wisconsin is reported as saying that there are 25,000,000 acres of land in his State unoccupied and unimproved and suitable for settlement by farmers. There are said to be in the United States a billion acres of surveyed public lands, and about the same amount of unsurveyed, undeveloped and Indian lands. American farming men do not therefore need to come to Hawaii to raise coffee and cabbage for a living, as our Labor Commission seems to think that thousands of them are pining after.

For the first time in eight years the British squadron remained in port at Yokohama on the 4th of July. It has been the custom for the squadron to quietly steam out of the harbor a day or two before the 4th. This year Admiral Bulwer, who recently succeeded Admiral Fremantle, kept his ships in port and replied to the salute of the U. S. flagship Baltimore. The incident is not attributed, however, to any extraordinary change in international relations, but to the fact that the new British Admiral was associated with Admiral Carpenter, now on the Baltimore, along the China coast twenty years ago.

## AUSTRALIAN STEAMERS.

Sir Mackenzie Bowell Talks About Them at Vancouver.

Sir Mackenzie Bowell, the Canadian Premier, with T. M. Daly, Minister of the Interior, arrived at Vancouver on the 3d of August from Regina, where they had attended the opening of the Northwest Exhibition.

Speaking of the Australian Steamship line, Sir Mackenzie said arrangements had been completed for steamers to call at New Zealand on both the outward and inward voyages, the New Zealand government granting an annual subsidy of £20,000. The Canadian government had also agreed to carry the New Zealand mails across the continent free of charge, and arrangements for a reciprocal treaty between the two Colonies were being made. The premier also said that a Japanese line of steamers between Japan and Australia would shortly be started, thus affording an alternative route between Australia and British Columbia via China and Japan.

What better investment than a light office coat, these sweltering hot days. Cool, comfortable and cheap. McInerney.

## Tired, Weak, Nervous.

Means impure blood, and overwork or too much strain on brain and body. The only way to cure is to feed the nerves on pure blood. Thousands of people certify that the best blood purifier, the best nerve tonic and strength builder is Hood's Sarsaparilla. What it has done for others it will also do for you—Hood's Cures.

Hood's PILLS cure constipation by restoring peristaltic action of the alimentary canal.

## WORK AT CIRCUIT TERM.

BOTH JUDGES ENGAGED ON JURY TRIALS.

Chinese Case of Maiming—Ex-Captain Andrews on Defense for False Search—Sundry Jottings from the Clerk's Office.

Loo Ling was on trial before Judge Whiting to-day for maiming, the following foreign jury being in the box: S. F. Graham, T. W. Hobron, C. D. Chase, T. M. Starkey, Jas. L. Torbert, C. L. Brown, F. W. Thrum, T. F. P. Waterhouse, C. V. E. Dove, C. J. McCarthy, W. H. Hoogs and Geo. Dillingham. Deputy Attorney General Carter for prosecution; Neumann for defendant, who is charged with taking a bite out of a fellow-countryman's ear. The plea was self-defense, and a verdict of not guilty has been returned.

Chong Kin and two others withdrew their appeal and paid the fine for gambling.

Leong Chung, opium in possession, defended by Kane; Ah Kit, selling liquor at Waianae, defended by Stanley, and Ah Ku, opium, defended by Robertson, were each granted a nolle prosequi.

Wong Sin withdrew his plea of not guilty to the charge of opium in possession, and Judge Whiting sentenced him to imprisonment at hard labor for 45 days. Carter for prosecution; Edings for defense.

J. C. Picanco, profanity and obscenity, had his appeal dismissed and his bond defaulted. Neumann for defendant.

Judge Cooper is hearing the case of Jessie T. Naone vs. L. A. Andrews, on trial by the following mixed jury: H. F. Wichman, E. A. McInerney, Thos. Wright, S. P. Nohea, R. Maka, J. W. Mahelona, N. P. Jacobsen, E. Benner, T. J. King, J. S. Kawewehi, W. K. Waiamau and H. Kahalewai. It is a suit for damages for unlawful search. Kaulia for plaintiff; Marshal Brown for defendant. Defendant was senior police captain in Honolulu when the search took place, and is now Sheriff of Maui.

Judge Cooper at chambers approved the accounts and ordered the discharge of Cordelia B. Damon, executrix of the estate of the late E. C. Damon.

A. Feek, garnishee in the suit of James J. Byrne vs. John Allen and others, by his attorney, F. M. Hatch, suggested the debt sought to be attached belongs to a third party, one John Martin of Port Angeles, Wash. Judge Whiting thereupon ordered John Martin to appear and show what lien or charge he has upon the debt sought to be attached.

Elaborate plate glass fronts are to be placed in the stores of Lewis and Company and the Hollister Drug Co. by Contractor Arthur Harrison. The material is to be ordered from San Francisco by next steamer and the work completed in about six weeks.

Rev. Mr. Bryde of Kohala, Hawaii, gave a powerful sermon at the services of the Second Congregation, St. Andrew's Cathedral, yesterday. He is a finished orator and held his audience spellbound while he preached on the solemn and pathetic words of warning from Jesus Christ to his disciples. Rev. J. B. Thomas of Boston and Mr. Reginald Callender of Koba'a, Hawaii, assisted in the service.

## Timely Topics TO

Most people make their wills before they die, and some of them are great curiosities in their way. Among the many curious legacies made lately is that of a Christiana man who directs that his whole fortune shall be expended in bicycles. A Norwegian newspaper which does not give itself up to the comic element relates that a Dutch lawyer, named Nikolson, bequeathed the whole of his property to trustees, to be employed in the purchase of bicycles for the use of children attending school, while part of the money is to go towards paying the teacher to train the boys in bicycle riding.

The validity of the will has been disputed by the sons of the testator, who refuse to acknowledge it, so that it is still a question of doubt whether the children will reap the benefit of the strange bequest. That the testator was sincere enough, and that he recognized in the wheel untold blessings which might have escaped the observation of minds of less acumen, the concluding portion of the will should go to prove. It says:—

I have always found a bicycle capital protection against the importunity of those people who persist in stopping you in your walk to spin a long yarn in the hot sun or in the biting east wind. My machine, unlike a horse, never shied once; and in my drives I have had no need to intrust life and limb to the tender mercies of a coachman.

Now that lawyer had good hard, solid sense and plenty of it, in fact, a good deal more of it than most lawyers are credited with, and yet not more than many boys and girls in Honolulu have, for are there not many of the latter who are spending their whole fortunes in purchasing a bicycle and they are wise in spending their money on something that will give them their money's worth every time.

The bicycle of the Khedive of Egypt is a gorgeous machine, almost entirely covered with silver plating but if anyone wants a duplicate of it we can furnish it, or if something "English you know" is wanted we can supply similar machines to those used by the Prince of Wales' boys and girls, all of whom are expert riders.

But for common every day people like those who reside in Paradise, we mean the Hawaiian Paradise, the Monarch is the machine to buy. It gives you better value for the money than any other make, and we can furnish it in any style and price. We have received by the Australia the largest consignment of wheels ever brought to the islands, and also a complete line of extra fittings. If any portion of a Monarch wheel gets broken or out of order we can replace it at a moment's notice at factory prices.

Mr. T. V. King, who arrived by the same steamer, will have charge of the mechanical department of our bicycle business. His large experience in that line enables us to guarantee satisfaction in all work entrusted to him.
